

INSTINCT® SAN DIEGO PRIVATE COACHING

Expert Coaching from Certified Professionals

A fantastic option for owners interested in all stages of the learning process and who can devote time to daily practice sessions with their dog.

During coaching sessions, your certified trainer or behavior consultant will coach you through custom exercises to help you make steady progress toward your goals, while enhancing your dog's overall behavioral health. Between sessions, they will communicate frequently via your **Collaborative Coaching Trello board**, to ensure you and your dog keep moving forward together. We teach using kind, practical, dog- and human-friendly methods, so you AND your dog will enjoy the learning experience!
