# PRIVATE COACHING

## How it Works

### ✓ STEP 1: Schedule Your Kickoff Consultation or Discovery Call

Get started by first selecting & scheduling a **Kickoff Consultation** or **Discovery Call**. Doing so will prompt you to complete our behavioral health assessment form & sign the required training agreements. It will also automatically create your personalized Trello board and enroll you in our Nature-Driven Nurture Foundations course.

### ✓ STEP 2: Purchase Your Program

After your Kickoff Consultation or Discovery Call, your trainer will provide you with a proposal outlining their recommended program based on your dog's individual needs. Follow the link provided in your proposal to purchase your program.

### ✓ STEP 3: Schedule Your Coaching Sessions

Once you've purchased your program, you can go ahead and schedule the Private Coaching sessions included in your package.

All Private Coaching programs include the following support:

#### Personalized Coaching App

Stay connected with your trainer & get timely feedback via your personalized, Collaborative Coaching Trello board

#### Alumni Facebook Community

Share successes and get support from our trainers & other Instinct clients as you navigate your training journey.

#### Free Alumni Classes

Participate in free, alumni-only group classes & continue to build your skills long after your initial program ends.

#### Weekly Trainer Q&A Sessions

Get additional insight from our most experienced behavior consultants during weekly drop-in Q&A sessions.
